

DZULFAHMI DZAKIA AHMAD

☎ 085712554302 | ✉ dzulfahmidzakiaahmad@gmail.com | 🌐 /dzulfahmidzakiaahmad | 📺 /fahmidza

West Jakarta, Special Capital Region of Jakarta

Executive Summary

Passionate about Data Science and Statistical Analysis, with growing experience in R, Python, SQL, Power BI, and Excel. Enjoy working on data-driven problems, statistical modeling, and building dashboards that support better decision-making.

Education

Universitas Gadjah Mada [🔗](#)

Bachelor of Statistics, 3.81/4.00

Sleman, Special Region of Yogyakarta

Aug 2022 – Apr 2026

- Dual Scholarship Awardee: Dato' Low Tuck Kwong - Aktivis Scholarship 2024 (for leadership in student data science initiatives, academic excellence, and contributions to the UGM student community) | BSI Scholarship Talenta 2025 (for intensive career preparation, leadership development, and mentorship programs).
- Achieved multiple top rankings in national-level competitions in statistics, data analysis, and data visualization.

Coding Camp powered by DBS Foundation [🔗](#)

Machine Learning Engineer Cohort

Remote

Feb 2025 – Jun 2025

- Mastered material through 5+ independent tasks and 1 capstone projects, participated in 7+ live sessions for soft skills, english proficiency, study groups, and received mentorship to enhance learning.
- Collaborated with a 6-member cross-functional team (Machine Learning & Front-End Back-End) on a national capstone project: developed a web app for digital fraud prevention and built a model to detect suspicious URLs.

Work Experience

PT Bina Pertiwi (Member of Astra) [🔗](#)

Data Analyst Intern

East Jakarta, Special Region of Jakarta

Mar 2025 – Jun 2025

- Collected, preprocessed, analyzed, and managed 4+ national-level data, including historical training data, employee competency & grade data, and asset databases.
- Developed real-time dashboard using Google Data Studio with 4+ sections aligned with each data source to support informed decision-making.
- Collaborated with team members to provide actionable insights and data-driven recommendations.

Cortex Data Indonesia

Social Research and Data Solution Intern

Remote

Jul 2024

- Implemented web scraping techniques using BeautifulSoup, extracting and processing 2+ data to improve data accessibility for analysis.
- Deployed a web application for classifying nitrogen deficiency in rice plants using Streamlit, utilizing open-source code available on another contributor's GitHub repository.
- Collaborated on the 2 research proposal, contributing to analytical methodologies that improved research feasibility, strategic planning, and clarity of research objectives.

Organizational Experience

Komunitas Mahasiswa Satria Data Universitas Gadjah Mada [🔗](#)

President

Jan 2024 – Dec 2024

- Successfully led Universitas Gadjah Mada to achieve 4th place in the overall championship of Satria Data 2024, strengthening the university's presence in national-level data competitions.
- Led a 27-member team, improving collaboration efficiency and achieving key milestones.
- Led internal meetings & built partnerships with university stakeholders, improving communication & expanding community initiatives.

Projects, Achievements, Interest, & Skills

Projects [🔗](#)

Interactive Dashboard Development – Built Google Data Studio dashboards for business insights | Statistical Data Infographics – Created 2 visual reports using Python, R, Canva & Illustrator, achieving top 2 national competition | Research Papers (Competition & Course Projects) – Conducted statistical analysis (SPSS, Minitab, WarpPLS, R, Python, SPSS, Minitab, E Views) with findings applied in 5 national competitions | Detailed project documentation available on GitHub.

Achievements [🔗](#)

2nd Place – Statistics Infographic Competition, Satria Data 2023 (Ministry of Education, Culture, Research, and Technology) | 3rd Place – Statistics Olympiad, RASIO 8.0 2024 (Statistics Student Association, Universitas Padjadjaran) | 1st Place – Data Analysis Competition, National Statistics Challenge 2024 (Statistics Student Association, Universitas Brawijaya) | 1st Place – Data Analytics Competition, Acavero 2024 (Information Systems Student Association, Telkom University) | Top 5 Finalist – Diponegoro Statistics Olympiad, Dokter Data 2024 (Statistics Student Association, Universitas Diponegoro) | Best Presentation (Top 6 Finalist) – Olimpiade Nasional Statistika, ANAVA #19 2025 (Statistics Student Association, Universitas Gadjah Mada).

Interest	Data Analytics & Science Data Visualization & Interactive Dashboard Development Statistical Modeling & Risk Analysis Computational Programming (R, Python, SQL) Economic Statistics & Time Series Forecasting.
Soft Skills	Problem-Solving & Critical Thinking Attention to Detail & Professional Ethics Adaptability & Deadline Management Collaboration & Teamwork Effective Communication Data Storytelling.
Hard Skills	Data Acquisition, Wrangling, & Processing (SQL, Python) Statistical Analysis, Machine Learning, & Modeling (Classification, Regression, Clustering, Time Series Forecasting) using R, Python, SPSS, Minitab, EViews Data Visualization & Business Intelligence (Google Data Studio, Microsoft Power BI) & Infographic Design (Canva) Scientific, Technical, & Analytical Report Writing.
Certifications 	Belajar Dasar Git dengan GitHub Belajar Dasar Visualisasi Data Belajar Dasar Structured Query Language (SQL) Belajar Analisis Data dengan Python Belajar Pengembangan Machine Learning (Dicoding Indonesia).
Languages 	Indonesian (Native) English (Professional Working Proficiency – TOEFL ITP Prediction Score: 463, Schoters, Oct 2025).
